

Walking

Ephesians 5:15-21

1. Be Careful (vs. 15)
2. Be Wise (vs. 15)
3. Seek the Kingdom (vs. 17)
4. Seek the Spirit (vs. 18)
5. Walk in Community (vs. 19)

1. What part of the message or passage had the biggest impact on you?
2. Which of the five commands is hardest for you to put into practice in this season of life?
3. How does Godly wisdom differ from worldly wisdom? How have you seen this difference impact yourself/others?
4. Why do you think Paul links the community of Christ with praise and thanksgiving? Why is cooperate worship so important in a Church?
5. How do you understand the balance between salvation through faith alone and working out your salvation with fear and trembling? How does this paradox play out in your life?

But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such things there is no law. And those who belong to Christ Jesus have crucified the flesh with its passions and desires.
